Dear Sir/Ma,

Enquiry: bobadoyed@getafrica.org
conferencesponsorship@getafrica.org

Invitation to Partner with GET to Organize the 10th African Conference on One Health and Biosecurity, Lagos, Nigeria.

I am delighted to inform you that the 10th edition of the African Conference on One Health and Biosecurity will come up from **November 6 – 8, 2024** in Lagos State, Nigeria. It is with great excitement that we invite your organization to partner with us in commemorating the 10th anniversary of the conference.

The conference is organized by the Global Emerging Pathogens Treatment Consortium (GET) with the support of the Lagos State Ministry of Health. The Conference theme is ***“From Ebola to COVID-19 and Beyond: Strengthening Africa’s Capacity to Address Emerging Global Health Security Threats”***.

GET in the last 10 years was actively involved in response to epidemics and pandemics in African countries. We have collaborated with both government and non-governmental organizations in Africa to build their capacity to effectively respond to emerging biosecurity threats and challenges. As we mark this important occasion, we are planning a series of events and initiatives to commemorate our journey and impact.

To make our 10th-anniversary celebration a memorable success, we are seeking partnership from you. By joining hands with us, you will not only be supporting our cause but also gaining exposure and recognition among our diverse audience.

Thank you for your time.

I look forward to the possibility of working together to make our 10th-anniversary celebration a resounding success.

Sincerely,

Dr. Bobadoye Ayodotun,
Chief Operating Officer
Global Emerging Pathogens Treatment Consortium (GET)

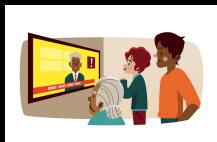

HIGHLIGHTS FROM PAST GET CONFERENCES

BENEFITS OF PARTNERSHIP

Brand Awareness: Offers a unique opportunity to place your business and organization at the centre of interactions and engagement within multidisciplinary scientific, academic, and research communities.

Media Visibility: Organizational Logos of all conference partners will be prominently displayed both in print and electronic format throughout the conference planning and execution.

Opportunity to Host a Side Event: GET will offer partners the opportunity to host a side event during the conference and have the access to showcase their organization's activities before the conference participants.

Brand Exhibition: Partners will be provided with a well-structured exhibition facility for showcasing the products and services of their organizations.

Future Collaborations: Partners will have access to establish a future partnership with GET on other activities within Africa.
